

3RD CIVIL WAR STUDY GROUP OPENS SESSION

If the Confederacy had won the Civil War "we would perhaps all be speaking German now," Dr. Robert L. Bloom, professor of history at Gettysburg college, told 70 gathered for the third annual Civil War Study Group at Gettysburg College this morning.

Dr. Bloom opened the sessions which will extend through Friday with a talk on "Why Study the Civil War?" in which he held that a Confederate victory would have led to the division of the present United States into a number of small states which "probably would have been unable to give the support that was needed to make World War I an allied victory. We can only surmise what would have happened had the Confederacy won. But we can be sure that the world's history would have been different had the United States been split into a number of smaller nations."

"It Had Everything"

Dr. Bloom said: "The Civil War is worth study if only for the fascination it holds for us as the last of the old-fashioned wars and the first of the modern wars. It had everything from saber swinging cavalry charges to the primitive beginnings of the weapons of today, from the machine gun to the submarine."

Dr. Frederick Tilberg, historian for the Gettysburg National Park, gave the principal talk this morning on "The Approach to Gettysburg."

He described the route of the Confederate armies north and then described how Lee's troops came to Gettysburg via Cashtown and the Harrisburg and Biglerville Rds. During the latter part of the discussion the group visited Cashtown and Keckler's Hill.

This afternoon the group will continue their study of the terrain over which the first day's battle was fought by a tour of Herr's Ridge, McPherson's Ridge, Oak Ridge and Barlow's Knoll.

BHS CLASS OF '30 AT REUNION

The class of 1930 of Biglerville High School had one sad note sounding through its reunion Sunday evening at Bob's Diner at Aspers — workers are tearing down their old schoolhouse.

The demise of the old Biglerville High School building was noted with regret by nearly all of the members of the class and the two former teachers who were the principal speakers. All agreed however that "there must be progress and the old school had to be removed to make room for the larger and better building that is replacing it."

Mrs. Jessica Weaver Smith, Chambersburg, one-time teacher of the class of 1930, said workmen

Charles C. Little, 76, Littlestown R. 2, suffered lacerations of the head Sunday morning at 7:45 o'clock when his car and a truck collided three miles north of Littlestown on the Gettysburg Rd.

State police said Little was removed from the scene by a passing motorist and treated at the Warner Hospital.

According to police, Little drove from a private driveway into the Gettysburg-Littlestown Rd. in the path of a truck operated by Herbert L. Garver, 19, Finksburg R. 1. The two collided causing \$900 damage to the Little auto and \$300 to Garver's vehicle.

COOL WEATHER SETS RECORD HERE IN JULY

With only one day of 90-degree weather, last month went into the records Sunday as the second coolest July in Gettysburg in 57 years. The coolest July on record here was in 1947 when temperatures averaged 2.5 degrees below normal. Last month the average reading was 2.17 degrees below normal.

The "hottest" day was Saturday, July 23, when the mercury went up to 90 degrees. The July record is 105 degrees here. Last month's low was 52 degrees on July 16.

The average daily high reading was only 83.71 degrees and the daily low was 61.55 degrees, making the month's average 72.63 degrees which was a little warmer than the cool 69.81 degree average for June but considerably below the levels usually encountered here in July.

Fourth Cool, Wet Month
July became the fourth month this year with below average temperatures and a surplus of rain.

Measurable amounts of rain fell on 10 days last month and totaled 4.8 inches, a surplus of 0.91 inches above normal. It was the wettest July in four years with that month being short of rainfall since 1956.

July's rain brought the 1960 accumulation for the first seven months to 27.77 inches which is a surplus of 3.59 inches so far this year.

Arendtsville Had 91

At the Arendtsville weather station, a high of 91 degrees was recorded on July 23 but average temperatures there also were below normal for the month, according to the observer, Dr. Frank N. Hewitson. The average maximum for the month was 83.8 degrees and the average low was 59.9 degrees, making the month's mean temperature 71.85 degrees.

That average figure was 2.45 degrees below Arendtsville's normal temperature and 3.5 degrees below the average for July of last year. The high reading for last month came on July 23 while a low of 51 degrees was reached on July 8.

Railfall there was less than Gettysburg's. Dr. Hewitson measured 3.78 inches which is only four hundredths of an inch short of normal for the month. It brings the accumulation for the first seven months of the year to 25.27 inches, very close to normal.

A total of 266 hours and 10 minutes of sunshine was measured, which was 58.4 per cent of the total available.

Begin Work On Court House

Workmen of J. R. Weaver Company, Chambersburg, St., this morning tore out two of the windows on the second floor of the court house as a first step toward soundproofing the main court room.

They immediately began placing glass block in the window openings in the attempt to prevent the sound of traffic from the street below entering the court room and preventing witnesses from being heard.

The plan calls for all the windows to be removed and glass block placed. Air conditioning equipment will be installed. The work is to be completed on the opening session of the August term of court.

It was understood today that two sessions of court will probably be in operation simultaneously at the court house this month, with one trial going on in the second floor main court room while another trial is being held in court room number two in the basement of the court house.

JOHN W. EPLEY, BLACKSMITH, DIES SUDDENLY

John W. Epley, 81, Gettysburg R. 1, for many years the best known blacksmith in this area, died suddenly this morning at his home in the community once known as Sedgewick and more recently as Round Top.

His fame as an artisan in iron had extended literally throughout the United States. At one time he had placed shoes on horses that were known throughout the nation as among its best racing horses. In more recent years his fame rested on his ability in the decorative ironwork field. Hundreds of tourists came to the battlefield, found his blacksmith shop and within the last two decades ordered thousands of articles which he shipped to as far away as Texas and California.

A native of Mt. Joy Twp., he was a son of the late P. William and Martha (Brown) Epley. For 56 years he operated his blacksmith shop at Round Top.

"Mayor Of Sedgewick"

He was a blacksmith for the Hanover Shoe Farms for 30 years. His skill in fashioning iron led to his being as busy after retirement from horse shoeing as he was during his working years.

PATRONS WILL AIR PROTESTS

A large delegation of patrons is scheduled to be present this evening at 8 o'clock at the meeting of the Fairfield Joint School Board at the Fairfield High School.

A spokesman for the patrons said this morning his group asks all those who are interested in the school to be present at the session.

While the main protest by the group will be to plans to send the entire fourth grade of the jointure to the Orrtanna schools, a number of other points on which at least some patrons are dissatisfied will be presented to the board.

A petition bearing 148 names protesting plans to move the fourth grade to Orrtanna was presented.

A group Saturday had planned to protest a rumored opening of the schools on August 29, but inquiry at the school this morning showed September 6 is the planned opening date for the jointure.

COLLEGE DEAN PENS HISTORY OF GLEN ROCK

The Glen Rock, Pa., centennial celebration has produced what is perhaps the most complete history of the borough ever compiled.

Tackling the long and arduous task was Dr. Charles H. Glatfelter, acting dean at Gettysburg College, a native son, who was commissioned by the centennial committee to write the history for a souvenir booklet.

Though limited to 20,000 words, Glatfelter declared "it is no exaggeration to say that a 50,000-word story could easily have been turned out without much further research."

Revision Needed
"The final version required even further cutting all along the line and the elimination of many interesting details. My goal was to write an account which would tell something about as many facts of life in a small century-old town as possible, and which would read like a story."

Castro Illness May Force Changes In Cuban Picture

HAVANA (AP) — One of Fidel Castro's doctors said today the ailing prime minister needs "absolute rest—both physical and mental."

The statement by Maj. Raul Trillo, an army doctor treating Castro, was published in the semi-official newspaper *Revolucion*. It reported Castro is convalescing but said "now we have to build him up after his illness."

By ROBERT BERRELLEZ
HAVANA (AP)—Fidel Castro's continuing illness generated growing speculation today that the Cuban prime minister may yield the reins of government temporarily to his Yankee-hating brother Raul, whom he once described as more radical than himself.

Government-controlled radio stations broke their ban on Sunday newscasts to report that the prime minister — only 13 days away from his 34th birthday—is

FAIR LAWN, N.J. (AP)—Because two teen-age friends each wanted to go steady with the same girl, one was dead of gunshot wounds today and the other was in Bergen County jail.

Police Sunday charged Joseph P. Chillemi, 17, with murder in the Saturday night slaying of Thomas E. Stillwachs, 18.

Fair Lawn Police Lt. Carl Jacoby said Chillemi admitted the shooting. The lieutenant pieced together this account:

The two, co-workers at a Pateron auto repair shop owned by Stillwachs' father, both had dated the same girl, Carol Friedhoff, Carol, 16, a high school student and part-time dress model, had stopped going with Stillwachs.

Uses Shotguns Saturday night, Chillemi was riding in his car with Carol and two other young couples when they came across Stillwachs in a car with two male friends. was at the 7th anniversary celebration of his 26th of July revolutionary movement in eastern Cuba. He looked haggard and worn.

Maj. Raul Castro, minister of the armed forces, returned Saturday from a European trip that took him to the Soviet Union and a meeting with Premier Nikita Khrushchev, Czechoslovakia and the United Arab Republic.

Raul denied published reports that he cut short his trip and hurried back because of his brother's illness.

COURT ACTS TO SET UP TITLE

The unknown heirs and assigns of Theodore Bender and wife, Casper Henry Dustman and other owners over the years of a tract of land along Reynolds Ave. owned by Glenn R. and Margaret M. Shields have 30 days in which to file an answer or they will be forever barred from claiming the land, according to an order of the Adams County court Saturday.

The matter pertains to an action to quiet title brought by Glenn R. and Margaret M. Shields against the people who apparently were owners of the land over a period of years prior to its purchase by Mr. and Mrs. Shields.

Since no deeds were recorded listing transfers of the property the action was taken to gain a clear title to the land. The final part of the action apparently took place Saturday when the court was notified that advertisements had been printed calling for any of the heirs or assigns of the various persons believed to be deceased to state their claim, if any, in 30 days.

It is not expected that there will ever be any claim, but the actions take place to guarantee there never will be any. Such actions are becoming more frequent in recent years because of failure of owners of many years ago to record deeds.

Lodge Grandchild Outdraws Politics

BEVERLY, Mass. (AP)—Republican vice presidential nominee Henry Cabot Lodge puts aside politics briefly today to visit his newest, and eighth, grandchild, John Ellerton Lodge.

The infant, son of Mr. and Mrs. Henry S. Lodge, was born at a Boston hospital five minutes before the U.N. ambassador was nominated last Thursday night at the Republican National Convention in Chicago.

Lodge, given a warm but wet welcome on his return from Chicago Saturday, conferred for more than an hour Sunday with Secretary of State Christian A. Herter at the latter's summer home at Manchester, Mass.

Evans Services Held On Saturday

Funeral services were held Saturday afternoon at 2:30 o'clock at the Peters Funeral Home for Joseph H. Evans, Gettysburg R. 4, who died Wednesday morning. Rev. William E. Fenstermaker officiated. Interment in New Oxford cemetery.

The pallbearers were Clifford Harman, Jacob Dennis, Clyde Sanders, Charles Rudisill, Richard Little and Roy Manahan.

YOUNG GOLFER DOES WELL

Ted McKenzie, Waynesboro, two-time winner of the Pennsylvania Junior Chamber of Commerce title, finished 22nd Sunday in the Eastern Open Golf Tournament at Baltimore's Pine Ridge Country Club. The young linksman, competing with the best professionals and amateurs in the country, shot a 75 in the first round and a 74 in the second round to qualify for the finals. His final score for the four-day tourney was 75-74-75-302. He is well-known in Gettysburg.

SANTA MONICA, Calif. (AP)—Jayne Mansfield gave birth to her third child—a 5-pound, 1-ounce boy—at St. John's Hospital today.

Dr. A. C. Metus said the blonde actress was doing fine although the baby was a month premature.

LET CONTRACT TO RESURFACE E-BURG ROADS

The mayor and commissioners of Emmitsburg announced this week that a contract to resurface the town's streets and alleys had been let to the Maitland Bros. Co., of Littlestown.

The contract calls for the laying of 500 tons of blacktop and work will commence by August 15, Street Commissioner J. Norman Flax announced. It is the intention of the town fathers to continue this type of work each year until such a time as all the streets and alleys of the corporation have been completely resurfaced.

The town solons are appreciative of the action of many individuals who complied with the weed-cutting ordinance and also announced that those properties which still have uncut weeds will be mowed and a bill sent to the owners. In several instances thoughtful citizens have cut weeds along the alley fences and this will assist in the laying of blacktop when the project starts.

Council still is perturbed over the fact that quite a number of individuals persist in burning trash and raw garbage in their yards, despite repeated warnings that the offense was punishable under existing town law. Council has made a study of the number of individuals subscribing to the garbage collection service and the results show that only a third of the residents are taking advantage of his sanitary service. This, in the opinion of the town fathers, indicates that two-thirds of the residents of the town are either burning their trash or dumping it onto their neighbor's property, both unlawful acts. There will be no more warnings, Council advises, and future violators will be prosecuted.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
ONE HUNDRED YEARS AGO
The New York Houston State
Convention met at Schenectady
on Wednesday week, nominated
Sam Houston, of Texas, for Vice
President, and then after angry
personal abuse between the per-
sons present, broke up in a row.

The Wide Awakes: The Black
Republicans are beginning to or-
ganize themselves into what are
called "Wide Awake Clubs."
These are very much like the
Know Nothing Lodges of 1854-4.
Regular meetings are held with
open doors, but, according to the
Juniata Register, as soon as the
speeches are over, the "Public"
is invited to leave, and the doors
are locked, ostensibly for the
purpose of drilling in military
tactics, but no doubt really for
various other business, by the
way, what necessity is there for
military tactics in a political
campaign? Are we to understand
that the Republican party has
adopted the John Brown plan of
conflict? We hope not, but con-
fess that to our eyes there is
something ominous in this "Wide
Awake" movement.

Census: The population of Get-
tysburg by the late census, is re-
ported to be about 2,300, an in-
crease of 210 since 1850. It may
seem strange to some that the
increase is so small; but it must
be recollected that ten years ago
the students at both the Seminary
and College were included in the
census, while by the instructions
of 1860 this could not be done.
Number of deaths within the
year, 50.

SEVENTY-FIVE YEARS AGO
The Virginia State Convention:
At Richmond on Wednesday,
nominated Gen. Fitzhugh Lee for
governor on the first ballot,
made it unanimous amidst the
greatest enthusiasm. J. E.
Massey was nominated for Lieu-
tenant Governor, and Rufus A.
Ayles for Attorney General. A
Strong team that will pull
through handsomely, no matter
how desperately Mahoneism may
fight.

President Cleveland's judg-
ment is sound. Instead of leav-
ing the Indian troubles in the
hands of the Indian agents for
settlement, he sent General
Sheridan west to investigate and
thoroughly inform himself and
the government as to the true
state of things. The cattle graz-
ers were found to be at the bot-
tom of the Indian discontent, and
the President at once ordered
them to leave the reservation
set apart for the exclusive use of
the Indians. Thus has been
brought about a satisfactory
close of what threatened to be a
troublesome affair.

Republican editor are doing
a great deal of complaining be-
cause the guerrilla Gen. Mosby,
Gen. Longstreet, Gen. Mahone's
men and some more of those
truly good disunion soldiers
have been removed by President
Cleveland. The bitterest rebels
seem to have become the closest
friends of the Republican leaders.
Dr. Shady says, "it is quite
probable that the irritation of
smoking was the active cause of
the cancer in Gen. Grant's case,
or at least it is fair to presume
that he would not have had the
disease if his habit had not been
carried to excess. This assump-
tion is made in the face of the
fact that of the thousands who
smoke but a very small propor-
tion suffer from the disease."

Today's Talk

**FREE YOURSELF FROM
YOURSELF**
A calm and placid personality
is wealth which, if banked, pays
dividends of health clear to the
end of life's trail. The success-
ful are those who believe in
themselves, nor do they become
slaves to their nervous system,
tying it up in knots and being far
from free.

Some imagine the doctor can
perform miracles for us, but he
is just a booster who tries to put
confidence into a doubting human
being.
Free yourself from yourself—
and live, triumphantly! We are
slaves to habit and imagined
troubles. One of our greatest and
most inspiring of wise men and
philosophers was William James.
Here is one of his thoughts:
"There are compensations, and
no outward changes of condition
in life can keep the nightingale
of its eternal meaning from sing-
ing in all sorts of different men's
hearts."

There is a crying need for a
universal love in the world. That
love could wither all thoughts of
war, cooked up by nations, if
there could only appear sufficient
faith to get the program to work-
ing its way to an eternal victory.
There are millions of human
beings praying for peace in con-
trast with the comparative few
who would shatter all moves to
peace. Free the mind from its
doubts about peace and men
would then make headway!

Tomorrow Mr. Adams will talk
on the subject: "Her Church Was
The Everywhere"

PHILLIES RUE
SIMMONS CUT;
HELPS CARDS

By CHUCK CAPALDO
Associated Press Sports Writer
ST. LOUIS (AP)—Solly Hemus
picked up the telephone in mid-
June and put through a call to
Curt Simmons, a former team-
mate at Philadelphia.

"Arm OK?" asked the manager
of the St. Louis Cardinals.
"Yeah," replied Simmons.
"Then I want you."
Cost By Phillies
Simmons, a 31-year-old left-
handed pitcher, had been cut by
the Phillies after being knocked
about in two regular season starts
following surgery on his ailing el-
bow a year ago.

The bottom seemed to have
dropped out on the one-time Whiz
Kid who pocketed \$65,000 for sign-
ing with the Phillies in 1947. He
couldn't believe no one wanted
him.

Then Joe Brown, general man-
ager of the Pittsburgh Pirates, got
in touch with him. Brown wanted
Simmons to report to Salt Lake
City, but Curt turned down the
offer, confident he still could win
in the majors. The Chicago Cubs
indicated interest.

"I liked the way Hemus handled
it," Simmons said. "He didn't
even ask me to work out first."
The mutual trust paid off for
both men again Sunday. Simmons
won his third game for the Cards,
a 9-2 first-game victory in a dou-
bleheader sweep over the Phillies.
Simmons' over-all record now is
3-1. Two of his victories have been
at the expense of the Phillies, a
team he admits he gets extra sat-
isfaction out of beating.

CHARLES TOWN, W. VA.—With

Shenandoah Downs today finds it-
self in the enviable position of

even bigger than the first 23 in

As for the popularity of the
bonanza pool, Bob Leavitt, general
manager, pointed out that more

The current nightly average at

tion in the bonanza has climbed

fewer than one attending the pro-
gram bought a card to the present
rate of about 16 cards per person.

Ask Decision On
Tunnel Financing

HARRISBURG (AP)—The Penn-
sylvania Turnpike Commission has
asked its trustee to expedite a de-
cision on how the agency should
finance a 20-million-dollar bond is-
sue for new tunnel construction.

Chairman Joseph J. Lawler said
Saturday he had asked for a re-
commendation as soon as possible
by the trustee. Fidelity of Phila-
delphia Trust Co.

He said the commission's under-
writers have approved the issue to
build a new tunnel at Allegheny
Mountain and a four-lane bypass
around Laurel Mountain. These
two points on the superhighway's
western end are the road's worst
bottlenecks.

PA. DEATH TOLL
16; CRASH ON
'PIKE KILLS SIX

By THE ASSOCIATED PRESS
Six persons were killed in a
three-car crash on the Pennsylv-
ania Turnpike and a retired fuel
executive and his wife suffocated
in a smoldering fire, pushing the
state's weekend accidental death
toll to 16.

Five members of an Ohio family
who were returning home from a
vacation in Atlantic City, N. J.,
and a Philadelphia man were the
victims of Sunday's Turnpike
crash near Lebanon. They were
among 12 traffic fatalities.

Killed were David R. Sweeney,
24, of Philadelphia; Lee Roy Hel-
ton, 30, of Springdale, a suburb
of Cincinnati; his wife, Shirley, 28,
and three of their five sons, Tim-
othy, 3, Daniel, 2, and Kenneth, 1.

Pair Suffocated
Two other Helton children were
seriously injured.

Five persons were killed in
single accidents on the Turnpike
in 1946, 1953 and 1957.

The retired fuel executive, Wil-
liam H. Earle, 74, and his wife,
Leah, 73, were found early Sun-
day on the second floor of their
farm home in Southampton, Bucks
County.

Firemen said the couple was
trapped on the second floor when
flames spread to the stairway, cut-
ting off their escape.

Blame Bad Wiring
Officials quoted the couple's son,
Arthur, as saying the blaze appar-
ently was caused by defective wir-
ing in the kitchen.

Earle was a former president
and director of the Philadelphia
Coke Co. He also was a director
of the Patterson Oil Co.

The other victims:
Philadelphia—Miss Lillian En-
gelle, 21, of Gillette, Tex., killed
Saturday when the auto she was
driving spun out of control and hit
a bridge on the Schuylkill Express-
way near Gladwyne. Three other
women were injured. The women
were driving from Lancaster to Phila-
delphia to sell magazines door-
to-door.

Saturday night when his car skid-
ded into another, police said. Mc-
Cormick was thrown into the path
of a tractor-trailer.

70, of Pittsburgh, killed Sunday
when his car slammed into a
cluster of trees on Route 19. Police
said he fell asleep at the wheel.
